Ms. Henney,

I am writing in reference to the H.F.A. petition to put an end to the practice of feeding dead pigs, horses, and other animals to other farm animals. Cows are not meat eaters by nature and should not be forced to eat dead animals.

I am not vegetarian and do eat meat, but I feel that the conditions the farm animals live in and the way they are treated is appalling.

I have relatives that are farmers and their animals are not treated

live non-living machines. They are allowed to follow their natural instincts and move around normally. They are not pets, but are properly fed and cared for.

Please take this letter seriously and to heart. Thank you in advance.
